Exclusive Session on 'STRATEGY FOR GROWING WITH INDIA'

Wasankar Wealth Management Ltd has organized an Exclusive session on 'STRATEGY FOR GROWING WITH INDIA' as part of its regular investors' meet for members on Sunday 10TH October 2010 from 11.30 am for one hour.

The market is fast approaching all time high achieved in January 2008. Is the market over valued? When can one expect corrections? How far will the market correct? Do fundamentals support the current valuations? How long can FII inflows last? Why are FII pumping in money and DII selling? Is it the right time to enter equity market now? What if we exit and the market keeps going up? Which sectors or industry should one pick? **These are the questions being discussed extensively in both print and television media in various business channels. Information overflow generally tends to leave the retail investors in an unclear state of mind and often result in 'NO ACTION'. One unanimous opinion of all experts both within and outside India is 'India Growth Story'. The need of the hour is therefore to put in place a strategy that would result in your wealth growing with India.**

Wasankar Wealth Management Ltd has therefore organized an exclusive session on '**STRATEGY FOR GROWING WITH INDIA' as part of its regular investors' meet for members on Sunday 10TH October 2010 from 11.30 am for one hour.**
