

PRESS RELEASE

Exclusive Session on 'SATELLITE PORTFOLIOS'

Wasankar Wealth Management Ltd has organized an Exclusive session on 'SATELLITE PORTFOLIOS' as part of its regular investors' meet for members on Sunday 4TH September 2010 from 11.30 am for one hour.

In the last special investors' meet, there was exclusive discussion on short term investment opportunities in market. Portfolio concept is the best approach when it comes to investments. In the recent months, we have witnessed sudden spurts in select industries. It would not be possible for retail investors to have stocks from all the industries in the long term portfolio or core portfolio. Concept of Core portfolio and Satellite portfolios were discussed in a series of articles in various news papers. Considering the limited surplus funds available for investment with retail investors, there is a need to understand how to profit from the sudden moves in various industries.

Wasankar Wealth Management Ltd has therefore organized an exclusive session on 'SATELLITE PORTFOLIOS' as part of its regular investors' meet for members on Sunday 4TH September 2010 from 11.30 am for one hour.

Wasankar Wealth Management is a pioneer and leader in educating and empowering the investors with key issues and events. Weekly Investors Meets are held at Wasankar House, 247 Hill Road, Shivaji Nagar, Nagpur-440010. Though weekly investors' meets are exclusively for members only, as part of its social responsibility, investors' meets dealing with key issues are made open to all by issuing free Guest Passes. Considering limitation of auditorium capacity, issue of guest passes will be on first come first basis and subject to availability of seats.

As this is an extension of our earlier exclusive session on short term investments which received overwhelming response, we advise those interested to collect their guest passes as early as possible to avoid disappointment.

Major topics to be covered in the session will include –

- What is portfolio concept
- What are satellite portfolios and how to allocate funds for such portfolios
- Drivers for select industries
- Selection of industries & stocks for satellite portfolios
- Tactical entry levels
- Concept of profit booking and sitting on cash for the next opportunity
