Special Investors' Meet on 'Market Draggers'

Wasankar Wealth Management Ltd has organized a Special Investors' Meet on 'Market Draggers' on Sunday 7TH August 2011 from 11.00 am to 12.30 pm.

Wealth has a close relation to market and market in turn has a close relation to Economy. Wasankar Research has always kept a track of happenings in the economy and has updated investors' knowledge through WEALTHNOMICS Seminars, Weekly Investors' Meets and articles in print media by Dr. Prashant Wasankar.

Every attempt by Market to move up has got stalled due to one or more reasons having economic roots. Market reacted sharply on the downside to the recent macroeconomic review and credit policy announcements by the Reserve Bank of India. Market had factored in possible interest rate hike by RBI but hike of 50 basis points coupled with serious concerns expressed by the Central Bank came as a rude shock. Economic indicators can be market drivers or market draggers. In the current scenario, the finger points to market draggers. First Quarter results of heavy weights have also not been conducive to change the investors' sentiment. Knowledge of happenings in the economy and understanding the impact of policy decisions is essential for planning and implementing successful trading and investment strategies.

Wasankar Wealth Management Ltd has therefore organized a Special Investors' Meet on 'Market Draggers' on Sunday 7TH August 2011 from 11.00 am to 12.30 pm. The meet will be held at 'Maharana Pratap Hall' Shankar Nagar, Nagpur.

Major topics to be covered in the meet will include –

- Key economic indicators
- Understanding RBI credit policy
